IN THE BEGINNING

KANSAS — WOODSON COUNTY

WHERE TO FIND IT!!!

INDEX

Published Quarterly By
 Woodson County Historical Society
 Yates Center, Kansas
 Vol. 20 - No. 81

To The Subscribers of "In The Beginning"

Dear Friends,

In the Beginning will continue, edited by a committee of local people whose desire is to carry on the tradition of Lester Harding, to preserve the memories of our past.

Lester has consented to serve on the committee in an advisory capacity, lending his expertise and guidance to the committee.

The publication will continue to be published quarterly in January, April, July, and August. The annual renewal will be due in January, 1988, at an annual subscription price of \$5.00.

The January Issue consists of an index of the 80 volumes, edited and published by Lester Harding. If there is a certain issue you would like to have, there is a limited supply of some volumes.

Please continue to send items you would like to see included in the publication which will continue to include historic items as well as other areas of interest.

The Office of the Woodson County Chamber of Commerce has graciously consented to be the agent of the committee. You may pick up your publication and pay for it at this office. As many of you who accommodate us in this way will save us postage, which will be kept at a minimum.

We will appreciate your continued support.

Sincerely,

Committee for "In The Beginning"
